

SPEAKOUT HAVERING

SPEAKOUT - THE LYRICS

Whatever's in your heart,
Or going round your head,
Let it out, shout, proud and loud,
Time to speak out.

Sign it,
Speak it,
Dance it,
Sing it,
Write it down,
Take a deep breath and speak out.

If you're feeling sad speakout
If your heart feels heavy speakout
Turn to your friends raise your head try a smile
Take a deep breath and speakout

Whatever's in your heart,
Or going round your head,
Let it out, shout, proud and loud,
Time to speak out.

Sign it,
Speak it,
Dance it,
Sing it,
Write it down,
Take a deep breath and speak out.

If things need to change speakout
Time to do your best speakout
Turn to your friends raise your head try a smile
Take a deep breath and speakout

Whatever's in your heart,
Or going round your head,
Let it out, shout, proud and loud,
Time to speak out.

Sign it,
Speak it,
Dance it,
Sing it,

Write it down,

Take a deep breath and speak out.

If you're happy then speakout
If you're laughing then speakout
Turn to your friends raise your head try a smile
Take a deep breath and speakout

Whatever's in your heart,
Or going round your head,
Let it out, shout, proud and loud,
Time to speak out.

Sign it,
Speak it,
Dance it,
Sing it,
Write it down,

Take a deep breath and speak out.
